

Have you recently begun experiencing any of the following?

- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Loss of taste or smell
- Cough
- Difficulty breathing
- Shortness of Breath
- Fatigue
- Headache
- Chills
- Sore Throat
- Congestion or runny nose
- Shaking or exaggerated shivering
- Significant muscle pain or ache
- Diarrhea
- Nausea or Vomiting
- Have you been in "close contact" with an individual who is lab-confirmed to have Covid-19?

In general, "close contact" is defined as:

- a) Being directly exposed to infectious secretions (e.g., being coughed on)
- b) Being within 6 feet for a largely uninterrupted or sustained extended contact period throughout the course of a day of approximately 15 minutes; however, additional factors like case/contact masking (i.e., both the infectious individual and the potential close contact have been consistently and properly masked), ventilation, presence of dividers, and case symptomology may affect this determination.

If you answered **YES** to any of the above questions you are **NOT PERMITTED** to enter any FISD Facility.

Thanks, FISD Athletics
